FR: Josh Krusewski - CJSA Executive Director

RE: Coronavirus-COVID-19 - Suspension of all activities

We hope this message finds you well, our gratitude goes out to you all for your cooperation and understanding during these uncertain times.

During these trying times, It is imperative that we follow recommendations and mandates from the CDC, local and federal officials, USYS and US Soccer. On April 10th, Governor Lamont signed an executive order extending all closures and safety measures through May 20th.

Understanding the importance of this executive order, all CJSA affiliated and sanctioned events will remain suspended through May 20th.

Please stay at home, stay safe and be healthy for when we are ready to play once again.
